

# Technical Data Sheet

## GO Lubricant Spray

### Description:

This product is easy to use and very useful not only in removing rust from mechanical and moving parts but also in lubricating and protecting them against rust. It can easily reach hard corners and in accessible points and replaces water deposits and dirt.

### Product preparation - Application

It is strongly recommended to use appropriate personal protection equipment during application to avoid respiratory, skin and eye irritation.

Just remove or blow-off the dust from external parts of the object to be sprayed

Apply the spray product (GO) to the point you need to remove rust from or to lubricate and move it. Repeat until it moves smoothly. Don't wipe the product from the sprayed parts.

**Shelf life:** 2 years in good storing conditions (25°C, 60% humidity). Applying outside this range may impact finish.

### Remarks

- Protect this product that contains **LPG (Liquefied Petroleum gas)** against explosion by keeping it far-away from heat and direct sun or flames.
- Don't inhale, breath or touch to skin or eyes.
- Ensure there is maximum ventilation during application.
- Wear the safety glasses and gloves.
- Keep out of reach of children.

Consult Safety Data Sheet prior to use. Observe the precautionary notices displayed on the container.
