Product preparation - Application

It is strongly recommended to use appropriate personal protection equipment during application to avoid respiratory, skin and eye irritation.

Clean the substrate well using EGC Thinner 111 or similar.

Shake the can well several times until hearing the iron balls' sound.

Hold the spray can at 20-30 cm distant from the substrate and spray slight jets horizontally and vertically. If necessary, spray the second coat after 3 - 5 minutes from the 1st spraying to avoid sagging. Important Note: to Prevent nozzle clogging, turn the can upside down after finishing and spray until gas gets out only.
